

# AlgaeCal Plus

Stronger Bones. For Life.™

The only nutritional supplement clinically-supported to increase bone mineral density. Offer your patients a whole food solution to protect their bones for a lifetime.

Unlike traditional calcium supplements, AlgaeCal Plus contains a whole food combination of nutrients shown to synergistically enhance bone remodeling. It's thanks to *Mesophyllum Superpositum*, a certified-organic red algae. AlgaeCal is verified in 3 separate medical journals to increase bone mineral density (BMD), as shown on DEXA scan.<sup>1</sup>

**Study: Bone density gains of 1.3% in postmenopausal women.** A year-long study of AlgaeCal following 414 postmenopausal women demonstrates a 1.3% bone density gain over baseline and confirms efficacy of AlgaeCal multi-nutrient approach. Results were even better in formulations using ingredients in AlgaeCal Plus and Strontium Boost.<sup>1</sup>

No study participants experienced adverse effects.

A recommended dose of AlgaeCal provides 720 mg of calcium, allowing diet and other supplements to provide the remaining RDI for optimal health. It also contains vitamins (C, D3, K2-7) which all enhance bone metabolism. Plus, complementary minerals boron and magnesium to round out the formula.

AlgaeCal is the only nutritional supplement shown in studies to increase BMD—not simply slow the rate of bone loss.

Each batch of AlgaeCal bulk powder is lab tested for heavy metals and microbes by independent labs in the USA and Canada. This is conducted before and after each production. AlgaeCal has also completed 7 safety and toxicology studies which earned AlgaeCal GRAS status (Generally Recognized As Safe) by the FDA.

## Supplement Facts

Serving Size 2 Capsules  
Servings Per Container 60

AlgaeCal Plus	
Amount Per Serving	% Daily Value
Vitamin C (as Calcium Ascorbate) 25 mg	28%
Vitamin D (as Cholecalciferol) 20 mcg (800 IU)	100%
Calcium (as AlgaeCal® <i>Mesophyllum Superpositum</i> ) 360 mg	28%
Magnesium 175 mg (as Magnesium Oxide & AlgaeCal® <i>Mesophyllum Superpositum</i> )	42%
Boron (as Boron Glycinate) 1.5 mg	*
Vitamin K2 (as Menaquinone-7) 50 mcg	*

\*Daily Value not established.

**Other Ingredients:** Vegetable cellulose (vegetarian capsule), magnesium stearate (vegetable grade), microcrystalline cellulose.

**Suggested Use:** To increase bone density and maintain musculoskeletal health by providing highly absorbable, algae-based calcium, magnesium, and trace minerals. Includes added minerals (boron, magnesium) and vitamins (C, D3, K2) to improve the absorption of calcium and its incorporation into bones rather than arteries or soft tissue.

**Recommended Dose:** Take two capsules, twice a day, with food.

**Potential Interactions:** Take calcium supplements at least 4 hours apart from the following: quinolone antibiotics and other antibiotics; some heart medications; thyroid medications; water pills; iron supplements; and strontium supplements. In some cases, calcium reduces the effectiveness or required dose for certain medications.

**This product is non-GMO and free from gluten, wheat, soy, and dairy.**
